

### **Programme Educational Objectives (PEOs)**

**The educational objectives of the Computer Science & Engineering programs are as follows:**

1. To prepare students for successful careers in software industry that meet the needs of Indian and multinational companies.
2. To develop the skills among students to analyze real world problem & implement with computer engineering solution and in multidisciplinary projects.
3. To provide students with Solid foundation in mathematical, scientific and engineering fundamentals to solve engineering problems and required also to pursue higher studies.
4. To develop the ability to work with the core competence of computer science & Engineering i.e. Software Engineering, Hardware structure & Networking concepts so that one can find feasible solution to real world problems.
5. To inculcate in students professional and ethical attitude, effective communication skills, team work skills, multidisciplinary approach, and an ability to relate engineering issues to broader social context.
6. To motivate students perseverance for lifelong learning and to introduce them to professional ethics and codes of professional practice.
