

# **IPS Academy Indore**

## **Institute of Engineering & Science**

**An Autonomous Institute, Affiliated to RGPV Bhopal**

### **Department of Chemical Engineering**

#### **Program Specific Outcomes**

- PSO-1:** Understand and apply knowledge of process calculations, thermodynamics, heat, mass & momentum transfer to chemical processes.
- PSO-2:** Graduates will be able to design process equipments and control chemical processes by applying the principles of mathematics, reaction engineering, instrumentation, process control, process modeling, and simulation.
- PSO-3:** Utilize chemical engineering education and expertise to become an entrepreneur.
