

About the Institute

Institute of Engineering & Science, IPS Academy, is one of the premier institutes in the Central India region, with 71 courses in the field of science and technology. It has a huge 58 acres lush green campus with all the facilities inside of the campus area. The Institute of Engineering & Science, IPS academy offers UG and PG programs in Computer Science & Engineering, Civil Engg., Chemical Engg., Electrical & Electronics Engg., Electronics & Comm. Engg., Fire Tech & Safety Engg., and Mech. Engg. The institute is located in Indore, which is the Industrial Capital of M.P. Presently Indore is having a wide range of industries, technical institutions, Raja Ramanna Center for advanced Technology(RRCAT) G.O.I Body, IT Parks, IIM, IIT are some of the reputed center of excellence and development.

About the FDP

The intention of this FDP is to facilitate the participants from different disciplines to develop an in-depth comprehension of Communication skills as well as English Language. The sessions designed will enable the participants to understand and inculcate competence for Global Professional Excellence. The participants across disciplines will benefit immensely and receive new insights and knowledge about the topic through close interactions with the Senior Faculty Members and Experts. It encompasses not only the basic concepts, techniques of communicative methods, but also intends to cover the entire loop of competence for proficient fineness

Note: Resource Persons will be from IITs, IIMs and reputed Universities

Perspective of the Program

- Equipping teachers to be competent in facing the challenges of the dynamic learning environment,
- by providing an insight to soft skills for success and life skills for survival at the workplace.
- The participants can hone their abilities through interactive sessions and impart the skills to their students.

Learning Objectives of the Program

After successful completion of the course, participants will be able to:

- Identify various skills of communication and apply usefully in teaching-learning
- Develop awareness towards ethical practices for use of communication in education
- Make use of LSRW skills in global scenario

Program Content

- Personality Development and SWOC analysis
- Intrapersonal and Interpersonal Communication Skills
- Understanding the Psyche of the Students in order to be a Good Facilitator
- Coping with Stress and Emotional Quotient
- Innovative Teaching Pedagogy
- Creative thinking and decision making
- Unleashing Leadership Skills
- Continuous Professional Development
- Art of Innovative Teaching for Creative Class-Room
