# e-Awartan 2019

Techfest (Under ISTE)

10th – 11th April, 2019

Organized by

Department of Electrical & Electronics Engineering
IPS Academy Indore
Institute of Engineering & Science

Knowledge Village, Rajendra Nagar A.B. Road Indore 452012 (M.P.), India

Day One

It started on April 10th with blessings of Goddess Saraswati where in the lamp was kindled by our chief guest Mr. Sanjay Jain, CEO of Electronic Applyances & Universal Transformers, our advisor Dr. A.G. Kothari, our honorable head of department, Prof. Manish Sahajwani, Prof. B.N. Phadke along with our event coordinators Prof. Kamlesh Gupta, Prof. Deepesh Bhati & Prof. Muhhammed Firoz.

Chief Guest of our techfest, e-Awartan 2019, Mr. Sanjay Jain was welcomed by Dr. A.G. Kothari.

Next in the plate was speech by Dr. A.G. Kothari. He briefed us about the importance of e-Awartan with its meaning. He explained our departmental POs and spoke about OBE that is Outcome Based Education. He also suggested that this tech-fest should be extended by 1 day and we should add an event of circuit debugging and computer programming. He concluded his speech with a poem themed on our electrical and electronics engineering department.

Prof. Manish Sahajwani explained the importance of tech-fest in his speech followed by his expectations with every one for the success of the event. He also thanked our sponsors for their deemed support.

Next we had a keynote delivered by our chief guest, Mr. Sanjay Jain wherein he mentioned the importance of electrical core as an emerging field for success and prosperity. His key note was followed by a snack break.

Felicitation of our chief guest was done by our head, Prof. Manish Sahajwani.

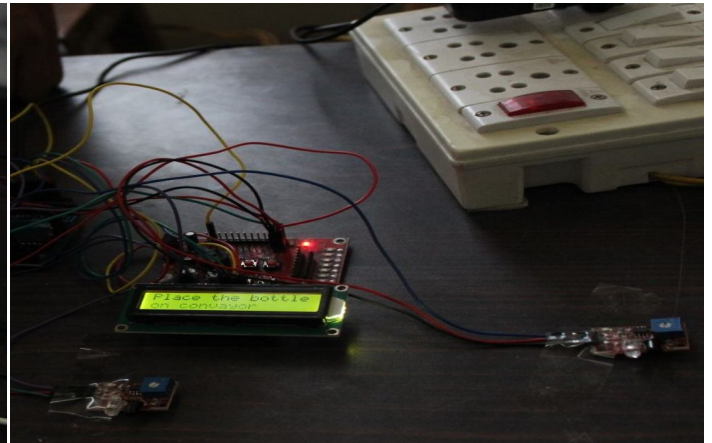

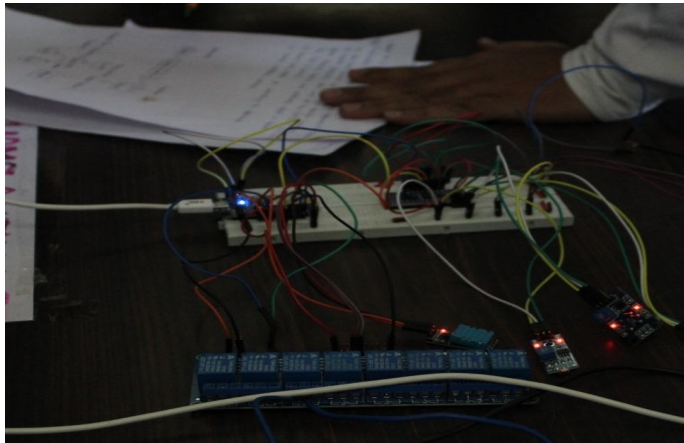

Post break, we started with our first event that is Technical Quiz Competition. We had more than 100 students who participated in the first elimination MCQ round. 7 of them were selected for the final quiz round. This round consisted of 3 stages viz. general quiz round, rapid fire round and buzzer round.

Post lunch, we had Project & Model Competition where 15 projects and working models were displayed and demonstrated in our Basic Electrical Lab.

Day Two

Day – 2 of our tech-fest e-Awartan-2019, we started with paper presentation. The judges of the competition, Prof. R.C. Dubey & Prof. B.N. Phadke were welcomed by our HOD, Prof. Manish Sahajwani.

19 papers were presented & the popular topics were electric vehicles, geothermal energy, chemical earthing & heat converters. The presentation also had query sessions.

Post lunch, we had our last event of the tech-fest, i.e. Circuit Making Competition where in 24 teams each consisting of 3 participants made the circuits on bread boards that were given extempore.

In our valedictory, we had our prize distribution.

Vote of Thanks was delivered by the event coordinator, Prof. Kamlesh Gupta.

This was a brief about what we had in our kitty for 2 wonderful days. Thank you all!
