ANNUAL E-GOVERNANCE REPORT

2018-19

As discussed in the last meeting Feedback Management module has developed and running successfully.

Feedback Management

Online student feedback system is the web-based feedback collecting system from the students and provides the automatic generation of a feedback which is given by students. We have developed student feedback system to provide feedback in a quick and easy manner to the particular department and principal. So, we call it as Student Staff Feedback System which delivers via the student staff interface as online system which acting as a Service Provider. By using this technology, we can make fast feedback about the staff by students on time to head of departments as they referred in online system. This project has four kinds of users Student, Staff, Hod's, and Principal. The student can give feedback in online system provided by college staff. The existing system carries more time to do a piece of work for this reason the online system feedback is implemented. First of staff can prepare questions & add, update these questions to the online system. After that it was viewed by the students and can give feedback about the lecturers. Students will fill online feedback using a standard form. In this project security is also maintain that is the result of feedback is only visible to authentic user. This feedback report was checked by the Hod's. Hod's can view grades obtained to the lecturers and give this report to the principal.
