Soft Skills

IPS Academy, Institute of Engineering & Science is committed towards the overall personality development of the students. The soft skill trainers with expertise provide the best in class training delivery based on the principals of accelerated learning, emphasizing on application of learning to the students.

Soft skills often called people skill or emotional intelligence is defined as the ability to interact amicably with others. Soft skills are personal attribute that can affect by relationship, communication and interaction with others.

By developing strong leadership, teamwork and communication ability, students can smoothly deliver results that will enable them to get placed in reputed companies and influence their personal life.

We organize events that are initiated and design to develop participant's personality and enhance their communication, presentation and interpersonal skills.

All the events based on communication skill and soft skill are rich in content , highly interactive and matched with best in-class training delivery & special focus is given to hone verbal and non-verbal skills of the students. Activities of soft skills are organized throughout the year in an effort towards preparing the prospective students.

Report on Soft Skill Enhancement Activities

The department of Humanities every year organizes various activities based on soft skill enhancement. The learners get involved in different individual/pair/group activities such as JAM, Impromptu Speech, Essay Writing, Running Commentary, Extempore, Group Discussion, Debate, Poster Presentation etc. All the first Year B.Tech students as well as the second year onwards students benefitted from the activities.

Objective of Events: To help improve student's communication skills and soft skill to prepare them industry ready.

Advantages:

- To improve LSRW Skills
- To inculcate soft skill development process
- To learn team work and leadership skills
