

MEMORANDUM OF UNDERSTANDING

BETWEEN

Microfluidics Laboratory, IPS Academy, Institute of Engineering & Science, Indore
and

Microbial Biotechnology Unit, National Institute of Fundamental Studies, Kandy

This MOU is entered into on the 09 day of January 2020 by and between IPS Academy, Institute of Engineering & Science (hereinafter called IES) located at Rajendra Nagar, Indore (M.P.) India, and Microbial Biotechnology Unit (MBU), National Institute of Fundamental Studies (NIFS) located in Kandy, Sri Lanka.

Objectives of MoU:

- It is agreed that the ownership and credit for the research project shall be shared by all the parties involved in the project handling, execution and analysis of the same.
- There is no financial consideration to be paid by either of the parties to this MOU
- It is agreed and understood that Microfluidics Laboratory IPSA, IES shall do the experimental work in the microfluidics platform
- It is agreed and understood that MBU at NIFS shall do the microbiological aspect of the study.
- There will be exchange of items related to the research (Microfluidic Chip, Plant Root Exudates) for successfully completing the project titled "*Effect of Biofertilizer on different rhizosphere microbes in a microfluidic platform*"

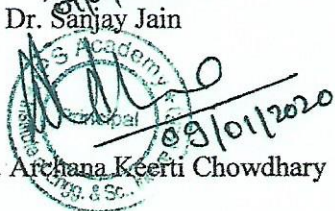

Both the laboratories have set their hands to this MOU voluntarily on the day and year mentioned herein.

For and behalf of the
IPS Academy, Indore
