1	Nodal Level	172	91	263
2	State Level	37	12	49
3	National Level	12	6	18
4	Interdepartmental Level	950	140	1090

Introduction

The Institute IPS Academy, Institute of Engineering and science, has always supported the sport activities in the Institute. Today sport is an integral part of the all round development of human personality and achieving excellence in sports has great bearing on national prestige and morale. Sports are the only activity which simultaneously develops the physical, mental & Brain capabilities of human being.

Sports can assist Colleges to achieve their wider objectives. Colleges exist to enhance the life chances of individuals through education, enhancing their employability and social skills as well as giving people specific skills and knowledge in particular subjects and industries. Involvement in sport has raised self esteem, boosting the confidence of students. Involvement in sport has shown to increase motivation and dedication to academia and improve behavior within class and within College as a whole.

Sport can clearly contribute to a range of college objectives. Having an attractive sporting offer will aid recruitment and retention of students, help individual students to gain additional life skills and qualifications, improve grades and gain vital work experience, and as a result improve their overall employability.

Objectives of Sports

The primary objectives of sports include promoting physical and mental well-being, fostering teamwork and sportsmanship, developing skills, and providing a recreational and educational experience. Sports also aim to build character, enhance social relationships, and instill discipline and self-confidence.

Teamwork and Sportsmanship

Many sports involve teamwork, requiring players to cooperate and communicate effectively to achieve common goals. Sportsmanship emphasizes fair play, respect for opponents, and adherence to rules and regulations.

Skill Development

Participating in sports helps individuals develop a wide range of skills, including motor skills, coordination, agility, and strategic thinking.

Recreation and Education Sports provide a fun and engaging way to spend leisure time, offering a break from routine and promoting social interaction. They can also be used to teach important life skills, such as time management, goal setting, and problem-solving.
