## Introduction

IPS Academy, Institute of Engineering and Science, department of chemical engineering organized their annual Tech Fest Innovita “The Great Water Challenge: Innovate, Destruct, Transform” from 3<sup>rd</sup> Oct. 2024 to 4<sup>th</sup> Oct. 2024. The aim of the tech fest was to encourage technical skills and showcase innovative technologies, projects and ideas of students to encourage their interest in STEM and to bridge the gap between the technically programmer industries and the students.

## Event Highlights

The first day of the event was whole of technical and commenced by worship of Ma Sarasvati. The event had innovative presentations by young minds.

## Bestowing honors upon guests:

The department honored the guest by felicitating the chief guest with mementos.

## Expert lectures:

The event was embarked by an illuminating and inspiring online lecture by Dr. Sankar Chakma, Head and Associate Professor at Indian Institute of Science Education and Research Bhopal. The students learn the value of exploring new thing and learn about the various opportunities at the IISER Bhopal. On the next day Ms. Palak Shah acquainted the students by the opportunities of chemical engineers.

## Day2

The second day was followed by the informative expert lecture of Dr. Krishna Kumar and then we headed towards an exciting day where the coming chemical engineers unveiled their talents.

## Objective:

The objective of the event was to develop a sense of concern towards mother earth and to find ways to help her heal. The event aimed to develop skills like public speaking presentation amongst students.

Now it was the time to talk of the event by presenting prizes to the deserved and eminent under grads.

## Conclusion:

In conclusion, event was a huge success. It elevated students' confidence and knowledge. Being a chemical engineer, we have the responsibility to help our mother earth to heal. The event embraced their theme. The success of this event inspired students towards a positive outlook for this event.
